## RETURN OF CONDITION NO RESULT SUNDAY.

China Is Witnessing What Occurred Some Years Ago.

### DISCUSSIONS STOPPED

All of the Liberal Celestials, Especially Those Who Have Been Associated With Reforms, Fear Arrest.

Pekin, Aug. 3.—China is witnessing a return to the conditions which followed the coup d'etat of 1898. The political discussions among the Chinese, which increased during the imperial court's recent policy of friendliness toward foreigners, has suddenly stopped. The plan of the dowager empress is to terrify the reformers by the execution of Shen Shein, which occurred last Friday. All the liberal Chinese, especially those who have been associated with the reformers, are in the greatest fear of arrest and it is difficult to find a Chinaman who is willing to refer to politics on Friday's tragedy, although the latter is really the only topic of conversation. The officials are particularly dumb. The affair is disappointing to the foreigners who had hoped that the empress dowager's association with the ladies of the legations would have a civilizing influence.

Prince Su, most liberal of the Manchurian princes, in March last issued a proclamation against incense burning to military idols because it was the chief rite during the Russian, Japanese, Spanish, Turkish, Bulgarian and Argentine securities all showed advances. South African securities were again depressed on the unsatisfactory outlook of the labor question. The position of the American market, which mainly follows the movements of Wall street, is considered still too uncertain to induce healthy speculation.

### GOT QUOTATIONS.

There Was No Excitement on the Cotton Exchange Saturday.

New Orleans Aug. 3.—Contrary to expectations. New Orleans cotton exchange received quotations as usual Saturday from the New York exchange. There was an unusually large attendance on the floor at the opening of business. Great interest was felt in the fight which was expected to be on as the result of the action of the local exchange in absolutely refusing to accede to the anti-bucket shop agreement of New York. Superintendent Hester absolutely refused to explain the manner in which quotations were secured, contenting himself with the statement that they were being exchanged legitimately. Much mystery surrounded the matter and it was not lessened when it was learned that officers and directors had worked nearly the whole night at the exchange on some form of agreement, either submitted to or by the New York exchange. It is claimed that neither exchange would budge from its original position. Later in the forenoon it was said the Baxter injunction was gotten out Friday against cutting off of quotations from any one, which was probably responsible for the appearance of New York quotations Saturday. The injunction is against withholding such information as may have been transmitted to the public generally or to other persons or corporations or firms.

### Earthquake Shock.

San Francisco, Aug. 3.—An earthquake lasting nearly thirty seconds was experienced here at 10:50 Sunday evening. The quake was one of the longest duration in many years. It was not of a violent character. Other California points felt the shock. Stanford university reports that the shock lasted forty-five seconds.

### Took Corrosive Sublimite.

Stanford, Ky., Aug. 3.—Charles Saufley, aged eighteen years, and a member of a prominent family, died from the effects of a dose of corrosive sublimate. Saufley was recently appointed an alternate naval cadet by the president.

### BOTH THROATS CUT.

Man Supposed to Have Slain Woman and Then Suicided.

Northboro, Mass., Aug. 3.—The bodies of F. B. Egan and Mrs. Sadie Booth, both of Spencer, Mass., were found in a yard here. Mrs. Booth's throat was cut almost completely across. The man's throat was cut in a similar manner. A razor was found under the woman's body.

### Arrives at Lisbon.

Lisbon, Aug. 3.—The United States training ship Enterprise has arrived here.

### BASEBALL.

Successor to Pope Leo XIII. Was Not Then Chosen.

### CROWDS GATHERED.

Tens of Thousands of People Assembled in the Square of St. Peter's Under the Impression a Pontiff Might Be Elected.

Rome, Aug. 3.—No successor to Leo XIII. has yet been chosen. From the smoke which issued from the little chimney in the Sistine chapel Sunday night a vast crowd gathered around St. Peter's and learned that the second day of the conclave had been fruitless. The conclusion is drawn that the strength of the leading candidate remains unbroken and that no compromise candidate has yet appeared. And there is no indication of how long this condition of affairs will continue. The prolongation of the contest has aroused the public interest, yet it cannot be called excitement. Every trace of that apathy which followed the death of the late pope has vanished and instead there now exists a burning interest in everything pertaining to the election of his successor. This culminated Sunday night in the appearance of a crowd which packed the streets in front of St. Peter's and presented a spectacle seldom seen even at the site of so many historic events.

The seclusion which surrounds those engaged in determining who shall be at the head of the Catholic church heightens the feverish curiosity of those who await their decision. Princes, princesses, archbishops, bishops, monsignors, priests, well to do business people in short, people from every walk in life from that of nobleman to street beggar talked of nothing but La Fumata (the signal smoke).

Both the morning and the evening this was the lodestone which drew tens of thousands to the square of St. Peter's. There for hours with strained eyes and craned necks they waited in the hope of seeing a tiny little stream of smoke, so insignificant that it was impossible to realize that a great issue was involved in its fleeting appearance.

The scene at St. Peter's at night was by far the most impressive that has occurred since the late pope became ill. After the fruitless morning ballot a belief spread that a new pontiff would surely be elected Sunday evening. Carriages and vehicles of every description rattled into the piazza of St. Peter's. The regular Sunday leisure was forgotten in the anxiety to see the new prophet of the holy see.

### ROOSEVELTS INSULTED.

Party Named McCann Used Profane and Abusive Language.

Oyster Bay, N. Y., Aug. 3.—Profane and abusive language was used toward President Roosevelt and his family Sunday as they were driving up to Christ church to attend the morning service. The offender was a resident of Oyster Bay, McCann by name. He was hustled away from the church unceremoniously by the secret service operatives.

Accompanied by Mrs. Roosevelt and two of their children, the president had driven to the village from Sagamore Hill to attend church, as is their custom on Sunday mornings. Directly in front of the church McCann was walking along the roadside pushing a bicycle. As the president's carriage was about to turn into the driveway leading to the church grounds it passed McCann. McCann, with an oath, demanded to know whether they wanted the whole road. This was followed by abusive and profane language. As the carriage stopped at the church door the president, greatly annoyed at the insult offered to Mrs. Roosevelt and the children, alighted and directed the attention of the secret service officers to the man, insisting that he be compelled to leave the vicinity of the church. McCann hesitated when ordered to move on, but as an officer was about to stimulate his movements he sprang on his wheel and rode away rapidly. While the incident was annoying to the president and his family, it is his desire that no action be taken against the man.

### FATAL COLLISION.

Six Men Were Killed and Two Others Injured.

Somerset, Ky., Aug. 3.—Through a misunderstanding of orders two Queen and Crescent freight trains, both double-headed, collided between Cumberland Falls and Greenwood, killing six men and seriously injuring two others. The bodies of Fireman Joseph Phillips, Frank Fletcher and Walter Walters and an unknown man who was stealing a ride were recovered. The dead bodies of two brakemen, whose names were not learned, are known to be buried under the debris caused by the wrecking of the cars. One of the engines was wrecked and the others badly damaged. The remains of Phillips, Fletcher and Walters were taken to their homes in Somerset. Engineers Duke and Fitzgerald were seriously injured. Duke

BRYAN, TEXAS, AUG. 4, 1903.

## AT THE A. AND M. COLLEGE.

VERY EXTENSIVE IMPROVEMENTS BEING MADE IN THE BUILDINGS AND GROUNDS.

## PLANS OF THE TEXTILE SCHOOL.

Some Have Been Submitted—Finest Barn South of Iowa—Sanitation. Handsome Iron Fence.

Austin, Texas, Aug. 2.—Dr. D. F. Houston, president of the State Agricultural and Mechanical College, was here today on matters connected with the college. The board of directors have inaugurated the work of extensively improving the college in time for the next scholastic session, which begins on Sept. 23.

President Houston states that the faculty has been immeasurably strengthened by the addition of several strong educators and that the next session promises to be the most successful in the history of the institution.

In the way of improvements he said that Gathright, Austin and Pfeiffer halls are being replastered and entirely renovated at a cost of \$5,863.00. Also that the general painting commences next week and that everything will be bright, clean and in first-class condition upon the opening of school.

As to the great addition of a

textile department, provided by the last legislature, Dr. Houston said that the joint committee of cotton mill men and the board of directors had requested mill architects to submit sketches and expect to consummate the matter in the near future. He said that one sketch had been submitted and two others are expected daily. Dr. Houston said it had been prepared by a South Carolina architect, who is architect for seven cotton mills. The sketch not only outlines the building, said Dr. Houston, but it is perfect in other respects, as it locates the position of every machine to be used in the textile school, showing the complete arrangements. The board decided to spend \$25,000 for the textile building and the remainder of the appropriation for equipment.

"We are going to have the best dairy barn south of Iowa," declared the president, "and continuing, 'the plans for construction will be arranged Thursday, the structure to cost not more than \$7,500. This will extend and improve our school in the important line of dairying, cattle study, etc.'"

Another improvement mentioned is the iron fence to be placed in front of the college, which is to be substantial and in keeping with the handsome buildings on the inside. It will be 300 feet in length, facing the depots and paralleling the railroad tracks.

Estimates and bids are asked for the next meeting for extensive plumbing and installation of sanitary lavatories, insuring perfect health for the students. The quagmire roads are to be made passable and generally overhauled, reports Dr. Houston. The board has authorized the construction of three new laborers cottages and on Tuesday of this week will award contract for four new professors' cotta-

# JULY SPECIALS FOR CASH!

For the remainder of July we will make sacrificing prices on the following lines. Reasons for this big cut not necessary. The goods at the prices DO THEIR OWN TALKING.

**Hunter & Chatham**  
Men's Furnishers

ges, which are said to be necessary owing to the increased number of instructors. At the same meeting the board expects to make the selection of a competent man for superintendent of farmers' institutes. This work, by act of the Legislature, is taken up officially by the college beginning next month.

The kitchens are to be remodeled and enlarged to meet the increased attendance.

A change in the position of commandant of cadets will occur and the board is now casting about for an army officer to succeed Capt. Avery, who serves his connection with the college.

Commenting on an item from the Eagle, the Galveston News says:

At Bryan they are going to have good roads. In Dallas county they have hundreds of miles of them, all built by convict labor. At Bryan they have adopted the Dallas plan, and they will have good roads. Bryan will get the trade of those towns to which no good roads run.

## FOR THE WORLD'S FAIR.

Bryan Boys of Company G, T. G. N., Want to Go.

Bryan's newly organized military organization, Co. G of the Texas National Guard, is doing splendid work in preparation for the state encampment soon to be held in Austin. The boys are going to do their part towards winning the prizes offered, and they want the assistance of the home people in a financial way to help defray expenses of the trip to the encampment. Eight companies will be selected from the state to attend the World's Fair at St. Louis, and the Bryan company expects to be one of the eight.

The Galveston cup is another trophy they desire to win. Let everybody help a little and a nice fund can be raised. The Eagle will start the list with \$2.50.

## ANTI-PROHIBITION MATTER.

BY ANTI-PROHIBITION COMMITTEE.

Mr. A. W. Buchanan, Chairman of Prohibition Committee of Brazos County:

Since the issue of prohibition has been agitated in the county, I hereby invite a joint discussion of prohibition and anti-prohibition, by speakers representing these principles, at ten public places in Brazos county and at such dates as we may agree on.

M. Parker, Chairman of Anti-Prohibition Executive Committee Brazos County.

## To the Public.

The Hon. John M. King having announced that he would address the citizens of Bryan upon the subject of prohibition last night, a joint discussion of the subject was proposed by the chairman of the anti prohibitionists, which was refused by the pros. Therefore Judge A. G. Board will answer him tonight at the courthouse at 8:30 o'clock. Everybody cordially invited to hear him.

Everybody that loves his home, city, county and state is cordially invited to hear Judge A. G. Board discuss prohibition tonight, Tuesday Aug. 4, 1903, at the courthouse at 8:30 p. m.

What is the matter with our prohibition friends. Are they afraid to turn on the light, or do they propose to conduct a campaign of ignorance and prejudice and appeal to the sentiment of the people and not their judgement.

Judge Board will discuss prohibition from three standpoints:

1st. All sumptuary laws are contrary to the genius of our form of government.  
2nd. It absolutely ruins the small towns and cities and builds up the larger cities, and does not prevent drunkenness or improve the morals of the people.  
3rd. Prohibition is not authorized by the bible.

Mr. and Mrs. S. C. Williams of Palestine stopped off here Sunday en route home from Rockport. They were guests of Mr. and Mrs. H. A. Burger.

There will be a competition drill by the members of Co. G, T. N. G. next Thursday night. A gold medal will be awarded to the best drilled man.

Mrs. Wm. Masterson of Richmond is the guest of Mrs. R. J. Ford.

J. E. and W. E. Johnson were here from Millican yesterday.

The recent rains have raised the big railroad tank, south of town, about ten or twelve inches. The Fin-Feather club people report immense numbers of young fish in the lake. Fishing will not be allowed until next year.

Representative J. L. Fountain requests the Eagle to state that he has three more normal appointments to make, one for the Sam Houston normal at Huntsville and two for the San Marcos normal, and he will be glad to hear from any who desire these appointments.

Called to Presidency of New Hampshire Agricultural College.

College Station, Tex., Aug. 2.—Professor William D. Gibbs, director of the Texas experiment stations and dean of agriculture in the Agricultural and Mechanical college, has been called to the presidency of the New Hampshire State college of agriculture and mechanic arts, located at Durham, N. H. Prof. Gibbs came to this institution from the New Hampshire college one year ago, where he held the position of professor of agriculture and director of stations, and that the board of directors of that institution have seen fit to call him back as the executive head of that college proves how highly they esteem him. During his short stay here Prof. Gibbs has done much to assist in the agricultural development of this State, and it is a great loss to the agricultural interests of the State to have the professor depart, and it is going to be a difficult matter to fill the vacancy caused by his resignation. Everyone regrets to have the professor and his estimable wife leave, but feel that this is a deserved promotion.

Prof. Gibbs goes to Durham the latter part of August.

**KNIGHTS OF PYTHIAS.**

Regular meeting tonight at 8:30 o'clock. Installation of officers. A full attendance desired.

Of coffee; all good; try one for August. Clarke & Fountain. 208

Prof. H. H. Harrington of the Texas Agricultural and Mechanical College arrived Tuesday night and in company with E. J. Altgelt went to the Glass Mountains Wednesday to examine some gold ore deposits discovered by Tom Straus, in which Messrs Kincaid and Altgelt have acquired an interest. Besides holding a professorship in the State technological institution, Prof. Harrington is State chemist and assayer. The party returned Thursday night and Prof. Harrington went to Terlingua. —Alpine Avalanche. Prof. Harrington has returned to the College and was in the city yesterday. While absent he visited Mexico to study the mining industry.

Rev. Fred L. Allen died at Rockdale Saturday and was buried Sunday with Masonic honors. He was nearly 70 years old, and a veteran Methodist preacher sustaining the superannuated relation and residing at Rockdale. He served the circuit, station and district in his ministry, and was a truly good and noble man enjoying the love and confidence of the people wherever he was known. The other churches of that city held no service Sunday in order that all the people of the community might join in the funeral service. Several ministers were present and Rev. De Witt Hotchkiss of Marlin preached the funeral sermon.

Prof. E. W. Kerr has resigned from his position at the A. and M. college to accept a place as instructor in machine design in Purdue University of Lafayette, Ind. Prof. Kerr is a native Texan; graduated from the A. and M. several years ago, since which time he has been an instructor in the mechanical department.

Hon. John M. King, who was chairman of the Grimes county prohibition committee, spoke at the opera house in this city last night in the interest of prohibition. There was a large crowd present.

C. F. Gilstrap of Taylor has arranged with the Bryan gun club for pulling off the big shoot here during the four days of the fair. The prizes will be valuable and there will be an army of sportsmen here.

Ed Burrell, colored, was tried in the county court yesterday on a charge of impersonating an officer, and acquitted.

J. W. Carson of College returned yesterday from Ft. Worth, Abilene and other points.

G. W. Whitehurst of Alto is visiting his family and other relatives here this week.

Miss Bertha Roberts returned from a visit to Dallas and other points yesterday.

Miss Celia Williams returned yesterday from a visit to Celeste.

Mrs. J. D. Kirk of Mumford is visiting Bryan friends.

The Brazos and Little Brazos rivers have run down.

Prof. and Mrs. P. S. Tilson have returned from Chicago.

W. M. Foster arrived from Waco yesterday.

# SMOKE TROOPS HENNEY

Indicated Early Monday No Choice Had Been Made.

## TROOPS FEEL HEAT.

The Hot Atmosphere Causes Soldiers to Seek the Seclusion of the Shade While on Duty at St. Peter's.

Rome, Aug. 3.—Smoke was observed issuing from the Sistine chapel chimney at 11:16 o'clock Monday morning, indicating ballots were being burned and there had been no election. Foreign ministers and other personages and some of the general public went to St. Peter's Monday morning to await developments. They were doomed to another disappointment.

A correspondent of the Associated Press visited the inside of the Vatican and found all around the precincts of the conclave the guard had been doubled, and wherever there is the slightest possibility of communication with the conclave Swiss Guards, gendarmes and Palatine Guards watched together. The antagonism existing between these bodies is the best guarantee that nothing underhanded will be allowed. Besides captains of the conclave in cocked hats and uniforms embroidered with gold lace, assisted by valets of Prince Chigo, the marshal of the conclave, in gorgeous liveries were constantly on the alert. The only thing known from the inside is that the cardinals rose early and individually celebrated mass in the Pauline chapel. They took breakfast at 9 o'clock, going shortly after to the Sistine chapel, where they remained until about 11:30 a. m.

The piazza of St. Peter's bore the usual appearance of the past few days. Italian soldiers occupied two colonnades and stood about in groups vainly trying to keep in the shade, the sun being scorching hot. A new note to the scene was given by a caravan of peasants from the surrounding neighborhood, composed of men, women and children in costume, who evidently came to Rome for the pope's blessing. The women wore bright red skirts, white bodices with colored corsets on the outside, spotless white handkerchiefs on their heads and sandals laced with leather thongs to the knee. The men wore less gorgeous in velvet knee breeches with gold buttons. The group camped in the shadow of the obelisk.

## SECURED SLEEP.

Woman Pays Twenty-Seven-Year Bill and Now Can Slumber.

New York, Aug. 3.—The heirs of E. B. Gonzales, who about thirty years ago conducted a large grocery business in East Orange, N. J., have received a check for \$30 from a conscience-stricken woman, who says she has not enjoyed a night of sound sleep since she ran up the bill for groceries twenty-seven years ago and left town without paying it. The woman's lawyer asserts that after paying the debt the woman retired and slept until next morning at 10 o'clock.

## SILVER FROM GOLD.

Latter Is Extracted From What Is Called Commercial Slate.

Merrell, Ore., Aug. 3.—J. Larix, a chemist and metallurgist, made silver from gold and developed a new metal from slate from which he expects to produce gold. From notes which were scanned by government inspectors it seems he developed a new metal from commercial slate, which is abundant here, which has an affinity for atoms gold and silver, which he calls "rixum." The process consists of a strong acid solution, combined with powerful electric current and long exposure to their action.

## SOON ELECTROCUTED.

Polish Murderer Put to Death in a Brief Period of Time.

Ossining, N. Y., Aug. 3.—Antonio Turkowski, a Pole, was put to death in the electric chair at Sing Sing prison. He declared on his way to the chair that he was innocent of the murder of John Shepoloski, a Brooklyn saloonkeeper, which occurred March 6, and of which he had been convicted. Turkowski was sentenced June 22, and the time elapsing between pronouncing of sentence and the execution is said to have been the shortest on the state records.

## ROUGH TREATMENT.

Klondike Millionaire Beaten Over the Head With a Revolver.

Seattle, Wash., Aug. 3.—Thomas S. Lippy, a Klondike millionaire was confronted by two masked burglars in his home on returning from church Sunday night. He was beaten over the head with a revolver and bound, gagged and tied to a post in his stairway. A servant girl, previously surprised by the burglars and tied to the stairway, witnessed the attack on her employer.

## Shortage of Sheep.

New York, Aug. 3.—There is a serious shortage of sheep in New Zealand, partly owing to over-exportation and partly to severe snow storms, according to a Times dispatch from Wellington.

## Forbidden City Mystery.

Boston, Aug. 3.—One of the mysteries connected with the Forbidden City of Pekin has come to light here with the strange appearance in the Boston Art museum of what is said to be the famous sacred jeweled tree belonging to the Imperial family of China.

## Donned Uniforms.

New York, Aug. 3.—Three hundred of New Jersey's state convicts at Trenton have donned their new uniforms for the first time, the stripes having been abolished for suits of light gray.

## STRIKE IN SPAIN.

A General One Has Been Inaugurated in Several Places.

Madrid, Aug. 3.—The threatened general strike commenced in several centers, including Barcelona, Murcia, Cadiz, Ronda and Alcoy. General unrest is largely attributed to bad harvests. The immediate motive for the strike is the reinforced demand for release of workmen who have been thrown into prison for offenses connected with recent strikes. The leaders of the movement are exhorting members of unions not to return to work until all imprisoned have been released. The government has taken stringent measures to cope with disturbances. Military forces and civil guards have been reinforced wherever necessary and troops have been confined to barracks. Instigators of the strike are threatened with severe penalties. The residence of the mayor and a number of private houses in Alcala, province of Cadiz, have been attacked by strikers, who exchanged shots with gendarmes.

## DECLINE OF LIBERTY.

Count Tolstoi Contributes an Article on the Subject.

New York, Aug. 3.—Count Tolstoi is contributing to a review here an article which contains a pessimistic survey of the inevitable progressive decline of liberty under all forms of government, says a Times dispatch from Paris by way of London. Count Tolstoi says the recognition of the right of enforcing obedience to law is a feature of autocratic systems as well as of revolutionary and socialist ideals. Modern technical improvements have

## COUNT TOLSTOI.

so strengthened modern governments that revolutions by force have become impossible, hence the only effective means of securing true liberty is the adoption of a religious conception of life. The Russian author seems to regard the Doukhobers as models of the higher morality and concludes that the sole motive in benefiting humanity is for the individual to give an example of good life.

## MANY CHERRY PITS.

Nearly One Hundred Found in Stomach of a Man.

New York, Aug. 3.—Nearly 100 cherry pits have been found in the appendix of a patient who was being operated upon in a Brooklyn hospital. The collection of stones had not caused appendicitis, however. Their discovery was due to an operation of cancer of the stomach. What might have been the ultimate effect, the doctors are unwilling to guess. Not only the appendix, but a large space of the intestines was filled with the pits. After the cancerous growth had been cut away the surgeons took away the pits and the patient is recovering.

## BUSBY AT AUSTIN.

Went There in Company With Officials of the Penitentiaries.

Austin, Aug. 3.—A party of officials of the state penitentiaries, consisting of John L. Wortham and J. H. Walker, assistant financial agents at Huntsville and Rusk respectively, and Chas. Smith, an attache of the penitentiary, arrived here with A. S. Busby, alleged defaulter. They had a conference with the governor regarding the alleged shortage, but the result has not been made public. Walker and Wortham declined to make a statement at this time. Busby was seen and said that he had no statement to make. He declared if he owed the state a dollar he was ready to pay it.

## ARTICLES FOUND.

Knife and Pants Alleged to Belong to Kimball Discovered.

Austin, Aug. 4.—Sheriff Seiderman of Guadalupe county, who is here, stated that the knife and bloody pants of the negro, Mat Kimball, who is now confined in the Bexar county jail charged with criminal assault on Mrs. Emil Gogale on the morning of June 30, had been found by Deputy Sheriff Stokes of Guadalupe county. This confirms the confession first made by the negro, in which it is alleged he told where the knife and pants were placed by him. Kimball denied the confession.

## Bowling Alley Ruling.

Austin, Aug. 3.—The attorney general, in answer to a question from State Revenue Agent Foster, held that where more than one bowling alley is operated under the same management the management is liable to a tax of \$100 on each alley.

## Judge of New District.

Austin, Aug. 3.—The governor has appointed B. C. Thomas of Alpine, Brewster county, judge of the Sixty-third judicial district court. This is the new district created by the last legislature. There were half a dozen applicants.

## Monthly Cotton Report.

Washington, Aug. 4.—Monthly cotton report shows average condition to 79.7 as compared with 77.1 on June 25, 1903.

## PASSENGER KILLED.

About Twenty Other People Injured by a Car.

Texarkana, Tex., Aug. 3.—A summer electric car left the track and a score of persons were injured. A. M. Harrison, a commercial traveler, had his skull fractured and died. Miss Nettie Orr was seriously hurt. The car was traveling thirty miles an hour, and the brakes failed to work.

## Engineer Dies.

San Antonio, Aug. 3.—George Albert Ingles, a well known engineer on the International and Great Northern railroad, after an illness of over a year, died in this city of enlargement of the spleen. He had resided in San Antonio fifteen years, having come here from Galveston.

## Brother Kills Sister.

Ablene, Tex., Aug. 3.—Mattie Irene, the seven-year-old daughter of Mr. and Mrs. L. P. Ligon, was accidentally killed by her five-year-old brother. The little boy shot his sister with a pistol.

## Two Men Fatally Stabbed.

El Paso, Tex., Aug. 3.—A Mexican "balle," or ball, in this city was converted into a free-for-all fight with knives, and as a result two men were fatally stabbed and several others severely wounded.

## Aged Clergyman No More.

Rockdale, Tex., Aug. 3.—Rev. Fred L. Allen is dead. He was a member of the Texas conference of the Methodist church over thirty years.

## Both Eyes Shot Out.

Village Mills, Tex., Aug. 3.—A colored man named George Rollins had both eyes shot out and some shot entered his lungs. Ed. Jackson, also colored, claims the shooting was accidental.

## EDWARD TOUCHED.

Much Pleased by the Kindly Manner He Was Treated.

Cowes, Aug. 3.—The royal yacht Victoria and Albert reached here Sunday evening and King Edward ordered the issuing of the following order:

"To My Irish People: Upon leaving Ireland I wish to express to my Irish people how deeply I have been touched by the kindness and good will they have shown to the queen and myself. Our experience on previous visits having indeed prepared us for a traditional welcome of a warm-hearted race, our expectations have been exceeded. Wherever we have gone, in town or country, tokens of loyalty and affection proffered by every section of the community have made an enduring impression on our hearts. For people so attractive and people so gifted we cherish a warm regard, and it is ten-fold more satisfaction that I have so often, during our stay, heard the hope expressed that a brighter day is dawning upon Ireland. I shall eagerly await the fulfillment of this hope. Its realization will, under divine providence, depend largely upon a steady development of self-reliance and co-operation, upon better and more practical education, upon the growth of industrial commercial enterprise and on the increase of mutual toleration and respect which the responsibility of Irish people now enjoy in the public administration of their local affairs, is well fitted to teach. It is my earnest prayer that these and other means of national well being may multiply from year to year in Ireland, and that the blessings of peace, contentment and prosperity may be abundantly vouchsafed to her."

## "EDWARD R. AND I"

## YELLOW FEVER.

Several Cases Are Reported at San Luis Potosi, Mex.

Laredo, Tex., Aug. 3.—The representative of the United States marine hospital corps received instructions to institute a rigorous quarantine against San Luis Potosi, Mex., as several cases of yellow fever are said to have made their appearance in that city. A strict quarantine was at once established, and every precaution will be taken to prevent the introduction of yellow fever into the United States. San Luis Potosi is the capital of the state of the same name, and is 478 miles from the border.
